## Hunts Landing Road Improvement Project

Dear Resident,

You are receiving this letter because the Hunts Landing Road Improvement Project will affect access to your property from the roadway that is being repaired.

Currently the project covers the following areas:

- Hunts Landing Road from the intersection of East Street to the village corporation limits in Maple Bay.

Work is scheduled to start the morning of Monday, August 27, 2018

The project schedule is as follows:

- 08/27/18 Road closure.  
Grind in place 12 inches deep with cement stabilization
- 08/28/18 to 08/30/18 Road open.  
During curing time, **Commercial Delivery Trucks** are prohibited from using the roadway.  
Only personal vehicles are allowed on the roadway during this curing time.
- 08/31/18 to 09/28/18 Traffic maintained  
Placement of asphalt, final Grading, seeding and final Cleanup.

For Monday 27, 2018 the following will be the detour for accessing your home:

- The village will utilize the emergency access lane between the south end of Hunts Landing and Slocum Ave.  
Traffic will flow thru the Cranberry Bay Streets to East St.  
These streets are narrow and great care must be taken for this one day.  
Residents of the Landings at Maple Bay will use a temporary exit to Hunts Landing Rd from the east side of the development.
- Detours will be posted and we ask that residents bear with us on the inconvenience as we repair this roadway.

Specifications are available for review at the Buckeye Lake municipal office, 5192 Walnut Rd SE.

If you have any questions or concerns, please feel free to contact the Buckeye Lake Office's at: 740-928-7100
