REPORT OF VILLAGE OFFICIALS – WRITTEN OR VERBAL

Police Department – Chief Jason Harget: We survived Pirate Fest. It was 3 days, a little longer than last year. Officers were hired as Special Duty. Police radios were upgraded which means they will work as of July. Will save a lot of money and these radios will work. Some batteries will need to be replaced. They will last a few years though they are old. 7 Motorola radios were donated from Sherrif's office that were upgraded before donated. Now currently have Perry County and Fairfield County sheriff's offices on the radios. Officers are challenged to complete 24 hours of continued education.

Rumor is that that time may go up. Need to now qualify for firearms. Had some issues with trucks and motorcycles at North Shore Park after dark. Came up with a plan to get the information on these meet ups. In the last few weeks, they have not had any incidents. It is not a car show. They would need to file for a permit to have a car show there to keep it safe. Happening at Alum Creek as well. Bicycles will be utilized soon.

Fire Department – Interim Chief Jerry Brooks: Run totals submitted. 61 runs. 53 EMS calls. 29 transports. 8 fire runs. 7 were mutual aid given to other departments. Received 4 mutual aid from others. Working on getting radios updated. Working on getting tires replaced on engine 922. Have testing coming up on hoses and ladders. Have one new hire. Another who will start next week. Have a few to come in for orientation and some others waiting to be interviewed. Lacking fire gear to properly outfit them. There are a few grants out there. Firehouse Subs gives out 600 grants. Pirate Fest they had 4 on crew. Only a couple of incidents. Started Explorer Program. Had 12 Explorers apply. Starting with 4 at this time to get it up and running. Working on scheduling for their training and working in the station. President Lemmon was talking with some people about donations and some need to be a 501c-3 to receive donations. Mayor Goodman asked Councilor Wolfe who stated a new power cot was \$72,000 and other \$14,000 reconditioned power cot. Should be getting medical supplies discount, per Chief Brooks. Intern starts next week to start on grants for fire department. \$4,000-4,400 per person for fire gear.

Public Works – Superintendent Toby Miller: Update on North Bank – wrapping that project up. Doing walk-through tomorrow. He has a new round of items for the public service committee. Have easement items to work out. North Bank will have one more change order to come. Late June – early July.

Parks and Recreation – Annetta Macedonia: Representative absent. Meeting minutes submitted. Mayor Goodman had requested that Parks and Recreation Commission meetings be on Zoom. The Commission feels that the She does not believe it is the commission's decision whether the meetings are livestreamed or not. Logistics would be worked out by the village. 86 people registered for I Walked the Whole Damn Dam. Councilor Cable mentioned the pocket parks. Councilor Green stated the concern was that there were no funds for benches or other items but that the minutes are two months old and that may have changed.

ORDINANCES

Ordinances for 3rd Reading –

Ordinance 2025-26 – AN ORDINANCE REGULATING FIREWORKS IN THE VILLAGE.

Discussion: When this went through Public Safety Committee, there was not a quorum for their meeting so there was not a recommendation from the committee to full council. President Lemmon stated it could still be discussed and one of the concerns was enforcement of this. He stated it is very difficult to enforce it right now the way the State has it written.

This is the state rules and we are picking which dates are the exception to the rules. Lemmon thinks that since people are not following the rules, it would be easier to have NO exception days. COUNCIL MEMBER COMMENTS –

Councilor Julian – Thanked Chiefs and employees as there have been a lot of projects going on. Thank you to the mayor for the work she does behind the scenes.

Councilor Keener – Be safe. No comments tonight.

Councilor Lemmon – We have agreements and disagreements. He was on the losing side of one today and that is great. Appreciates everyone's hard work.

Councilor Wadley – Thanked Toby with everything for the project on Route 79. Thanks to police and fire for Pirate Fest.

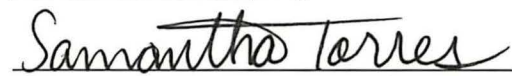

Councilor Wolfe – Thanked mayor and Fire Chief for their interest in maintaining the fire equipment. Appreciates the council and their views on the time clock. Have a safe weekend. There is some debate on the income tax issue. Please come to the meetings or email them with any questions or comments.

Councilor Cable – Thanked Toby for all of the different projects he is a part of. They are all disruptive and there are a lot of moving parts. Have to roll with the punches and Toby and his team do a great job with that. Thanks for his hard work and dedication to the village. Tonight has maybe been the most votes objected in his 6 years on council. Sometimes personalities get in the way but we leave here civil. Buy local. Pirate Fest was very well attended and businesses were happy.
